

## Good Ride

The Gay Classic Car Group, founded in 1988, has a number of events coming up in the coming months for people who have a penchant for fantastic automobiles. The group

hopes to allow gay and lesbian car enthusiasts to enjoy each other's company in an open and friendly environment.

The last meeting, in March, saw forty five people turn up with cars ranging from original 18,000 mile Hillman Hunter, a pristine 1967 Mercedes 250SL and a surprisingly rust-free Fiat X19. While ownership of a classic car is not obligatory, the majority of members do possess at least one car. Like their owners, these cars vary in age, condition and performance!

Forthcoming events include a day out in Stirling, Scotland on May 14th, A visit to a stately home (and teashop!) in Essex on May 14th, and a meet at Birmingham Park on May 27th - May 29th. For more details, visit the group's website at [www.gccg.org](http://www.gccg.org)
